No Ordinary Billionaire (The Sinclairs Book 1)

Synopsis

From Wall Street Journal bestselling author J. S. Scott. Dante Sinclair never cared about his family's money. All the ultra-sexy billionaire ever wanted was to be a cop; and now that he's a homicide detective in Los Angeles, he's a damn good one. But when he is injured and loses his partner in the line of duty, he returns to his vacation home in Amesport, Maine, to recover. With a mouth as dangerous as the streets he protects, Dante knows no one can ever heal or tame him. Sarah Baxter, a brilliant young doctor still struggling with her stifled upbringing, has recently moved from Chicago to sleepy Amesport to escape her past, hoping to find peace. When Sarah is assigned to Dante's case, there's an instant heat between them. They couldn't possibly be more different, yet their intense passion is impossible to ignore. As burning desires awaken within Sarah, her haunted past returns, threatening her once again. Can Dante overcome his grief and unravel the secrets Sarah is hiding in time to protect and rescue her?

Customer Reviews

Jan has another hit on her hands with the Sinclair family. The book opens to Dante suffering from the loss of his best friend and partner as he is trying to heal from multiple gun shots of his own. He's

dealing with guilt over surviving when his partner left behind a great wife and son who he is close to also. While Dante is a billionaire from Boston, he and all his siblings fled their home town and abusive father after his death. Dante had always wanted to be a police officer and followed that dream. He is a homicide detective in LA and his partner, Patrick, has shown him the ropes and been a constant friend for years, until the fateful night when he died while Dante tried to shield his body with his own. Now he is on his way to Amesport, Maine where he and his siblings all own homes to try to escape his loss and heal his mind and body. Dr. Sarah Baxter is an internist who works in Amesport. She started college at 12, finished her PhD at 21 and her residency in internal medicine in Chicago at 24. She has never quite fit into the world around her socially or emotionally but she uses her brilliant and logical mind to try to make sense of everything, even things that defy reason like hormones, sexual attraction and love. She becomes Dante's doctor when he arrives in Amesport. They clash at first. He refuses to listen to reason about what he needs to do for healing, and while she empathizes with his loss, she can't understand why he won't thrive and survive for Patrick's sake, if not his own. Given time, their attraction grows stronger and Sarah refuses to give into it due to patient/doctor ethics. Dante gets around that by seeing another doctor for his medical needs and seeing Sarah for all his other needs.
