Climb! The History Of Rock Climbing In Colorado

Synopsis

Twenty-fifth Anniversary edition of a cult classic that profoundly transformed the world of rock climbing More than 50 percent new material, including perspectives on new routes and stories about well-known climbers Includes a 16-page color insert of never before seen routes and digitally remastered images from Greg Epperson, the celebrated climbing photographer featured in the first edition of Climb! This history of Colorado's world-renowned, destination peaks will appeal to climbing enthusiasts everywhereIn 1977, well-respected climbing gurus Bob Godfrey and Dudley Chelton self-published Climb! Rock Climbing in Colorado. The first climbing book of its kind, Climb! detailed Colorado climbing history and suggested a new set of challenges for those fascinated by life on the edge. In addition, Greg Epperson's photography introduced wide-angle drama and on-rappel images. Twenty-five years later, Chelton has teamed up with former Climbing magazine photo editor and climber Jeff Achey to recapture the original book's influence and impact for a new generation of climbers. With more than 50 percent new text and a stunning 16-page color insert, Climb! takes readers through the evolution of climbing, from the first technical climbs, to the improvised free climbs of the 60s and 70s, to the sport climbing of the 80s, to the extreme climbing of the 90s. Conflicts and competitions among climbers, of which there are many, are documented here, as is the entry and accomplishments of women climbers. This book will capture fans of the original book and build a new audience, as well.

Book Information

Paperback: 255 pages

Publisher: Mountaineers Books; 25 Anv edition (April 2002)

Language: English

Customer Reviews

Any Coloradan, and especially any Boulderite, who climbs will find this book interesting. It is intended for a specific audience, and if you fit that audience, the book delivers and I highly recommend it; if you don't climb, or haven't heard of Layton Kor, or don't live in Colorado, then this book would be painfully boring. The book also gave me ideas of where to climb outside of the Boulder area, though there is a heavy emphasis on both Eldorado and Boulder canyons. You can skip around through the various sections pretty easily.

Thought this was a second rendition. No problem there! We used this book as teenagers for our guidebook. My original copy has been through a tornado and numerous other storms, and is in pretty bad shape. This book is in very good condition, and I thank you very much! This book has been a MAJOR part of my life for many years! Thank you for providing it !

The recipient loved the book on Colorado Rock Climbing. He is a climbing enthusiast and enjoyed the book greatly. Thank you very much.
