# Soul-Mate (The Immortal Love Series Book 1)

## Synopsis

Annabel is a bad-ass hybrid hunter, seeking revenge from the vampire who killed her parents and put her brother in a coma. Arriving in a new town with an undercover identity to protect and the mission to find a pureblood vampire to save her brother's life, the last thing Annabel needs is to fall in love with the sexy, persistent werewolf who thinks she's a helpless human in need of a knight in shining armor. Shane is a dominant werewolf who also happens to be the local sheriff. He has almost lost hope of finding his better half. So when his beautiful soul-mate shows up and rogue vampires try to kill her, he does what any smart wolf would do: he saves her and takes her home, hoping to convince her that they belong together. When sparks fly between them, Annabel has to decide if she tells him who she really is or runs the other way to protect her secrets.

## Customer Reviews

This story was different than other books that I have read, in a good way for the most part. I was really excited to read the book from the blurb. Annabel is a hunter and is undercover trying to find a pureblood vampire to save her brother. Shane is the sheriff in the town. Annabel and Shane meet her first night in town and once Shane gets a whiff of her, he knows that she is his mate. Shane believes that she is human so as he pursues her hard he doesn't tell her that she is his mate or that he is a werewolf. Annabel doesn't automatically know that he is her mate because she is a hybrid

but she is drawn to him like no other. She doesn't want him to be sad or upset, especially with her and doesn't want to be away from him either. Since she doesn't have the automatic knowledge for the why of this, it is confusing for her. She decides to go ahead and continue seeing Shane because she can't seem to not and so changes her approach to her assignment. This story has a bunch of twists and turns that are not expected that keeps you guessing what is going to happen next. The information is given in pieces which makes it harder to figure it out. The story line is very good and written very well. The story moves smoothly and doesn't ever feel slow. It moves very well and will definitely keep your attention through the entire story. I really enjoyed the characters. They were written really well and the secondary characters were as well. I loved how the next part of the story is being blended into this one. It is done very well and this story doesn't leave you in a cliffhanger but it definitely leaves you wanting more. I can't wait for the next story!! I am very excited to see whose story we get next and what is going to happen with this group of people.

The concepts and ideas kept me reading but I found myself skimming a lot. The writing and story do have a lot of promise, but I felt the characters fell flat for me. Anna is supposed to be this kick ass hunter yet she shows very little of that. We pretty much have to take it for granted because outside of a single action scene, we see none of that. Simply having a weapons arsenal and wearing swords doesn't make you kick ass. I found Shane's character to be pushy (kept pushing subjects when even Anna told him to stop.), demanding (asking this woman who he'd just met to reveal all to him), disrespectful of her boundaries (she asked him to stop touching her because she couldn't think clearly and instead of respecting that, he used it against her), sneaky, and well...his stalker behavior. I know we live in a Shades of Grey era where folks think abuse is romantic, so in comparison Shane is an absolute gem. However, I'd be running the other way if I had a man literally stalk me. And the rest? It's all red flags for abuse.

My Rating: 5 stars Sparks fly when Annabel's and Shane's world collides. Hiding her dark past, Anna can't help but feel the pull to give into Shane. No matter how hard she tries, she just can't get away. With Anna's hybrid side, she is on the hunt for a cure to save her brother Kevin, who has fallen into a coma. Can she trust Shane? The werewolf who promises her everything? Will she find what they need before it's too late? I found that I really adored this story. I think that when Shane and Anna met they have this instant connection. I loved that on certain parts of the book I got to see his POV as well. I think it really brought more to this tale and the characters. This is the type of book where you get the backstory the more you read (which I

liked). The action was great, badass women who can fight~perfect! Toward the end of the story, we get to see a new POV introducing the villain. In the chapter you really get to see just how mad and crazy he is. I felt scared for the characters myself. We have the chance to learn a lot about the man, and what he is really like. I was a bit upset that we didn't get to see certain scenes between Anna and Shane, it was talked about in the book but the reader doesn't experience it, we just get to know that it happened. On top of that, I saw a few sentences in the story that just sounded off. Along with a couple of editing quirks, but I am sure that is something to be fixed. In the end I think the story, plot, and idea were great. The author wrote the characters perfectly, and I could see myself reading the next book. She had a nice balance of details, and a nice writing style. Every writer has a different way of doing things, but I liked hers. It is defiantly worth a read.

Paranormal crazy story! Anna is a hybrid and a kick butt one at that! She's on a journey to find a cure for her brother! But what she finds is so much more than a cure for her brother! She finds a couple of things that she never thought she would ever have! Danger from the one thing that killed her parents lurks around, mates are bound to be united and blood is shed! A great read!

This book grabs you from beginning to end you fall in love with Shane and Annabelle as they fall in love with each other and get to find out all about each other's lives their fears dreams and even the things in their past that haunt them. A really fast read.
