# Dollars Flow To Me Easily

## **Synopsis**

Is it possible to read and relax your way into financial abundance? Can dollars flow to you even if you just sat quietly in your favorite armchair and did âœnothingâ •? Is abundance and prosperity really our natural birthright, as claimed by so many spiritual masters and authors throughout the ages? In his latest book *Dollars Flow To Me Easily*, bestselling author and spiritual explorer Richard Dotts attempts something that he has never done before â " to write a book that changes and transforms the readerâ™s innermost perceptions about money as they read it. Richard explains that these spiritual principles have never been about âœattractingâ • more money or stuff into our lives. Instead, these Universal truths all speak of recognizing the inherent abundance that is already there for our taking. Is it any wonder that traditional Law of Attraction techniques which focus on âœdoingâ • and âœattractingâ • something from out there to fill a perceived lack in our lives do not create lasting results? But if all our abundance is already right here for our taking, why is it that our bank balance and physical experiences do not always reflect this truth? Is there something we have to do in order to welcome this abundance into our lives? *Dollars Flow To Me Easily* takes an alternative approach to answering these questions. Instead of guiding the reader through a series of exercises to âœfeel as ifâ • they are already rich, Richard draws on the power of words and our highest intentions to dissolve negative feelings and misconceptions that block us from manifesting greater financial abundance in our lives. When these blocks are gently dissolved and let go of through absorbing the words in this book, what results are natural physical manifestations of abundance in our everyday experience. As Richard puts it, this technique is so counter-intuitive precisely because it flies in the face of everything we have been taught. We have been taught to tackle our financial issues head-on and to worry about them constantly in order to come up with solutions. But despite this, all our worrying and mental activity has still not resulted in everlasting peace-of-mind and a permanent resolution of the financial issues in our lives. Perhaps the real solution that we need is to simply correct our thinking on the inside, and to realize that there has been no issue and no lack in the first place. When we tend to our inner states and make it our priorityâ | when we finally give up the need to do anything to make things happenâ | that is when the Universe can deliver our highest good to us. *Dollars Flow To Me Easily* takes you through the experiential journey of dropping all your worries, fears and blocks around manifesting money as you read. What remains at the end is the real you â " a state in which dollars flow to you easily and a recognition of this truth that has always been a part of your being.

## **Customer Reviews**

This is the best book by Richard Dotts. In fact, this is the best self help book on manifestations I've ever read. I didn't read it at first, I chose a few of the author's other books before this one because I thought it was ONLY about how to manifest money. It is not. It is about the "inner state" of being. I wanted to know what to focus my thoughts on the majority of my day and how to do it. I needed help with the abandonment of negative thoughts. Dotts provides the best explanation I've ever come across. I am so glad that for some reason I decided to read this after initially thinking I wouldn't be interested in it. Also check out 95-5 by this author and Becoming Magic by Genevieve Davis.

I had read a couple of Richard Dotts books in the past, but they didn't really click with me. THIS ONE DID! It has what I was looking for all along. It is explained easily and makes sense to my brain. I knew this kind of information was just sort of floating around in the ethers waiting for me to latch onto it, and I did with this book. This book makes it easy to quit worrying. It makes it easy for goodness (and money) to flow in. Buy it. Read it. Do it. Very easy for all of those steps. Absolutely NO hard visualizations or repeated affirmations. No writing things down and making a journal. No

crying about things in the past. If you've read many, many books on abundance and manifestation (like I have) and still feel like you don't have the answer, this is the one to buy.

I have read so many books on manifestation it's not even funny. This book was so timely for my "listening" that I'm re-reading it and will likely re-read it again. Why? Because this book is like a meditationâ "my "vibration" and "focus" shifts while I'm reading what Richard wrote. We are always looking for the "right way" or the "how-to" to make our lives better, get what we want, etc. to the point where we're so busy "trying" that we get in our own way. This book really helped me connect with the path of least resistance and allow my goodness to flow. Thank you, Richard! I'm a fan. My favorite of your books so far.

Wow Richard,I purchased "Come Sit With Me" just before seeing & purchasing"Dollars Flow To Me Easily". After reading this I have no desire to read Anything else, take another self-help course, webinar, or anything else. ^ I don't know if you're aware of Dr Frank Kinslow & his work in Quantum Entrainment, (QE). it is the same technique of going inside (awareness) & the miracles that result.Your simplistic presentation of this is Priceless & lends more conviction & understanding to Dr Kinslow's work.I'm sooo thankful for your writing skills, that you share with us, & that I learned of you & your books earlier this year. I have purchased at least 4 but this one "takes the cake".once again, Thank You!

More than dollars is what you'll get from this book. And there are many things that are significantly more important than dollars that most people want to manifest yet they haven't made the distinction, yet. This wonderful book is easy to read, understand, and apply. If you're a believer in quantum applications of your ability to manifest things from the Universe the title, alone, makes you want to grab a copy and read it. Read it once, read it again, and then watch how your life changes when you apply the methods and wonderful understandings you can get from this book. By using what this book can teach you your riches will begin to flow faster and with such ease that you'll think it's some sort of fluke, but it's not. Plain and simple; It works! Try it!

Awesome, simply awesome, as all his books are! His insight and ability to convey his thoughts so anyone can "get it" is so refreshing. Not a veiled statement anywhere in his books. So happy I stumbled on to these books!

Maybe he is Dr Joseph Murphy reincarnated. This book hits the nail on the head for me. The idea that energy by its very nature is in motion, and turning your attention away from perceived problems makes them wither on their own is beyond brilliant. I knew this, I just didn't have the words to put to the inner music I knew. I could not put this book down I devoured it. Wow, this is best work yet.

As a fellow author of this genre, I'm always looking at furthering my own knowledge by dipping my proverbial toe in the water of others. I think Mr. Dotts is dead on. The book is concise, readable, and useful. It's also pretty well written. Nowadays authors have become somewhat competitive in the marketplace, and surely don't want to lose readers to another author. But considering that Mr. Dotts and myself write our little tomes for the enrichment of life, I would have to go so far as to say that I would recommend this book, as well as others he has written to my own fan base. I think they would be better for it. I highly recommend this book. Kudos to you, Richard Dottrs.
