# RIDING WITH WOLVES: The Complete 5 Books MC Romance Series

## Synopsis

This bundle is free with Kindle Unlimited. 5 standalone books. No cliffies!

**HAMMER** Rachel might be beautiful, but she's untouchable – mostly because she hates my guts. God help me, but Rachel is completely unbearable. The suburban princess clearly looks down on me and mine, including her own brother, and always has. She was never able to accept Terry for who he was – never wanted to step foot in our world. And if I have anything to say about it, she never will. There's no place here for a nine-to-fiver who wears little flowered dresses in our bars – no matter how sexy she looks in them. Especially if she doesn't look twice at me. She has no understanding of loyalty, of brotherhood, of all the things that make us Wolves a family. Because she's so narrow-minded, she will never find out the truth of her brother's death. But I will. That is, if I can keep the gorgeous, stuck up woman off my back.

**GATOR** I'm a biker and an outlaw who's been around the block a few times. So, I guess you could say I got a lot of skeletons in my closet. And, now, I got a dead body there too, and a ghost from my past investigating it. Detective J.T. Knowles and I used to be an item – back in the day, but we haven't seen each other in over a decade. But, now that a dead junkie turned up on her watch, and I've been linked to the crime, she's back in my life, and, if I play my cards right, I might be back in the game. | Now, ain't that a happy coincidence?

**BUTCHER** My plate is pretty full. I'm a biker and a musician. I've got a 9 to 5 job, lots of friends and associates, and a busy home life. The last thing I need is any more complications or any unnecessary attention. But, unfortunately, that's just what I got. | Up until now, I've managed to keep my identity and personal life a secret, but some snarky reporter recently caught wind of my music and started writing about it. And, now, I've got fans and groupies coming at me from all angles, including one who just might get more than she's after. |

**HANNAH** Of all the bars in L.A., he had to walk into mine. | No joke. I stopped in for a drink on my way home from an appointment, and, lo and behold, a tall, dark, handsome stranger walked in – looking for me. And, the reason he was looking for me was the shock of a lifetime – and, so was everything else that happened from the moment I met him.

**Nico Simms** might be a professional, and he might think he knows my story, but he's got another thing coming to him if he thinks he's gonna be the one behind the wheel on this ride.

**CRETE** Most men consider themselves blessed if they find one great love – over the course of their lifetime. I, however, am not most men, and, I didn't find one great love, but two – and, even though that may sound good, trust me, it's not. In the long run, falling for two women was more a curse than a blessing, and I should know about curses and blessings, given my experience and profession as a reverend. But, I'm not just a reverend. I'm also a gang boss. I'm the leader of a biker gang

called the Wolves, and it was through my affiliation with them that I came to be in a very delicate position where both of those loves were put on the line, alongside my faith in myself, my life, and the future of our entire outlaw organization.**WARNING: Adult content. ## **Customer Reviews**

This series is quite imaginative. But the lack of editing really shows and a lot of the story lines are so farfetched as to be beyond belief. The final book in this set 'Crete', made me want to throw my kindle against a wall.

Gotta say, this book was wonderful and exciting, but the editing was the WORST I think I have ever seen! I'm not great at grammar or spelling, and I'm dyslexic too, so when I find errors, it's a BIG deal! And they were small things such as the word AT instead of AS, words running together like SORTAIS and BUTPLEASE and leaving words out (and, Iâ™ve (I HAVEN'T) built up the balls to take a sip yet.â•) or even using the wrong spelling (whole - when it should have been the word HOLE Kindle Location 10117). or (morning - when it should have been mourning. I hate writing a bad review, infact normally I just don't leave one at all... but this book had the potential to be one of my favorites and to me, this many errors, and I only listed a few, really ruined it for me.

These books were each thoughtfully written. Full range of human emotions. The good, the bad, and the ugly, but also the joy, happiness, and contrition. Renewal of the soul, the body, the spirit. As a full box set, it shines!!!

Riding with Wolves has some good plots but overall I was left with more questions. Each book didn't seem as if it was written by the same author because the styles were different. While I know some write to where they can say a book is a standalone read but in this case, there was nothing to complete the plot to say it was standalone yet it never rolled over into the other books. My biggest disappointment was Crete's story. So while I like the concept of the series; expect for each book to end abruptly, no answers on to what happens with any of the couples in the end, and some far fetched scenarios that even in fiction couldn't have happened. Enjoy it for what it is. A MC set.

I had read all of the previous books. When I saw the box set I only wanted to read Crete's story. Boy...what a story. You had me on the edge of my chair like Father Thomas was right up to the very end of the book. Of all the MC book series this one is by far my favorite...I always thought Katy was alive but was not sure what happened to her. Faith you wrapped up all the loose ends to these previous stories. But I am afraid to ask if this is the end of the Wolves...I would like to read how Katy and Crete are doing after her kidnapping and everything she has been through..maybe also recapping of the other couples and the MC club finally going legit...I guess I did not want it to end....

I bought the boxed set and started reading right away. I enjoyed the beginning of each book, but by the end I was left feeling unfulfilled and confused. I honestly thought that Crete's book was going to fill in the blanks for me but that was not the case. I hope that maybe there will be another book to offer closure, at least some closure for me.

Out of this set Gator was probably the best story. The books need an editor desperately. There are numerous spelling and grammatical errors, which are distracting. It seemed like every paragraph was one long run-on sentence. But the biggest issue is continuity character names change spelling sometimes on the same page. The author gives dates and gets them wrong example she has a character born in 1990 and has them running away at 15 in 1995. (That is one busy five-year old). And none of the characters have clear motivations or they just contradict themselves with completely different character traits throughout the series. The stories themselves have little

narrative flow to them and conflicts end abruptly without little exploration as to why. It was a struggle to finish the series.

The first 4 books were interesting although calling this an MC book is sort of a stretch. They are a group who ride motorcycles.. That is the beginning and end of the MC club aspect. The stories do hold your interest however the lack of proofing overshadows how good they may be. I am the first to admit spelling and grammar are not my forte, but I'm not presenting myself as an author either. As for book 5, what a horrible ending to an almost great story. You did get some closure, but it never ties all the other stories up. All and all an okay read if you can overlook the spelling and grammar mistakes.
