Customer Reviews

I received this book as an ARC and Mia never seems to disappoint when it comes to her writing!!! Hope is left in charge of Clinique and is wanting to prove herself that she can handle the business on her own. When she plans a wedding for Audrey she can do nothing right. When she meets Damon her world changes but what she didn’t expect is for her one night stand to turn into a

pregnancy. Damon is the fashionable playboy and is also a mama's boy meaning he feels it's his duty to look after his mother. When he meets Hope and is instantly drawn to her Audrey notices it and gives him a choice that he never thought he would have to make and when he makes the wrong choice he suffers badly from losing the love of his life to being robbed to missing out on his kids first couple of months life.

The hero's mother was a piece of work, no one was good enough for her son. She would always say that Hope was below his station, because she was a party planner. Wacko lady, the hero was a wimp, he almost lost the women he loved because of his controlling mother. Good Read

Ok, so as an ARC member an honest opinion is asked for, in exchange for an early copy of the book. So here goes while I love Mia's work Damon is a pushed over momma's boy and a wimp. Hope may have done right letting him be a father to his children, but that is where the relationship would have ended. He was willing to walk away from Hope because of emotional blackmail. Because his bigoted, snobbish, & conniving mother was a piece of work. Who needed to get a life. Oh!!! She did have one using "The help" George to do whatever she felt unnecessary to do herself. So yes the book is good because I am all in my emotions while doing the review and it's worth reading. But sometimes some of the characters make you want to reach out and touch them.

I enjoyed this story and I must say to Mia Caldwell, thank you for making your stories lately much longer than in the past. Hope, a Party Planner, meets Damon when she is hired to plan his mother's birthday party who by the way dislikes Hope because she believes Hope is beneath her son. I recommend you read this story to see how Damon and Hope fight the obstacles put in their path. See their journey to prove their love to others.

Good story. Hope had to pull off the party of her lifetime for her difficult client Audra Martin. While there Hope meets Audra's handsome and sexy son Damon. After a night of passion, Hope and Damon gets caught up in a whirlwind romance. But tragedy comes along in the form of socioeconomic prejudice causing a rift that maybe impossible to repair. However, with forgiveness, change of heart, trust and a lot of love things work out in the end.

Beautiful story line. Glad to see they were able to become a loving family. Life has away of teaching us how to truly follow our own heart to happiness. Even when you have an overbearing

mother who thinks she has the right to expect her son to live his life based upon her social standards.

Cool story....however I wasn't feeling how a supposed alpha let his mother run him and his life. That's the only thing that I didn't appreciate about his character. The story had a feel good tone to it. Good read! I received this book as an ARC in exchange for an honest review.

Love at First Sight. Instant Sizzle! I enjoyed the love story of Hope and Damon. Hope is a party planner putting together a massive birthday party for his mother. When they meet the chemistry is palpable. He is the most eligible bachelor. He has a "love them and leave them mentality". Of course mama does not approve. Damon is a bit of a mama's boy..they overcome a lot of difficulties and adversity. But true love conquers all.I was given a copy in exchange for an honest review. The book is an easy read. I enjoyed the fact it flowed so smoothly and my constant interruptions did not impede my enjoyment.I thoroughly enjoyed and look forward to reading more books by Mia Caldwell.
