Customer Reviews

Highly recommended book on the legendary 312T series. I enjoyed reading about the drivers (they have become legendary too). I probably would have preferred to trade the section on acquiring one of these cars for more on the technical description, as I'll never be in a position to buy a 312T series car. Racing fans and scale modelers will love the photos, which include historic shots and close-up details.

EXCELLENT BOOK FOR THOSE OF US WHO WERE INTO F1 RACING IN THE 1970'S. THERE IS MUCH INSIDE INFO ON THE CAR, DRIVERS, AND TEAM. LOTS OF GREAT PHOTOS.

Great book full of details about one of the brightest periods in Ferrari's Formula One history. A quick read, but full of information.

The book is very well written, very well researched. Cover all Ferrari T models. Beautifull photos. I recommend to all race cars fans.
