Grimm: A Novel In The Nate Temple Supernatural Thriller Series (The Temple Chronicles Book 3)

Synopsis

The Brothers Grimm “ legendary supernatural assassins “ have escaped their prison, and their first day in St. Louis could be Nate Temple’s last. Sharing a beer with Death “ one of the Four Horsemen of the Apocalypse “ really put a few things into perspective for this foul-mouthed, billionaire wizard. Like finally strapping on the boots to propose to his girlfriend. But assassination contracts have a way of putting wedding plans on hold. Perhaps permanently. And with the entire wedding party on the bloodthirsty Grimm’s hit-list, and his family fortune in jeopardy, Nate realizes they can’t run and they can’t hide. So, time to do magic and stuff. But with every flavor of supernatural thug teaming up to help the Grimms, Nate realizes that friends have become enemies and enemies have become friends, and he’s forced to cross lines that are better left uncrossed. When magic, claws, and teeth dance to the song of war, the only thing left to learn is who lives and who dies. And if Nate can live with the consequences. No wonder a guy is terrified to propose. If you like Jim Butcher, Kevin Hearne, or Patrick Rothfuss, you will LOVE the fourth installment of The Nate Temple Supernatural Thriller series. INTERVIEW WITH THE AUTHOR:

Q: So, what makes the Nate Temple series special?

A: I wanted to write a series of stories that mirrored the books I liked to read in my childhood. My top picks were usually urban fantasy, paranormal best sellers, and of course, books featuring your classic gritty, pulp-fiction heroes. Basically, anything with a lot of creepy crawly supernatural characters: mythical creatures, ancient heroes, super villains, and gods. You will find that my stories focus on the ancient myths, characters, and stories we all know, fear, and love. Then twist them up and toss them back like an empty beer can.

Q: What order should I read the books in?

A: I’ve written the series with the intent that they should be read in order to get the full effect of the bigger picture; however the stories can be read in any order if you are looking for a quick, fast-paced romp through Adrenaline-ville. I suggest the following sequence: Obsidian Son Blood Debts Fairy Tale “ Prequel (FREE to email subscribers) Grimm

Q: So, why should readers give these books a try?

A: Because the Nate Temple series is a present day thrill-ride that takes no prisoners. Dragons, Angels, Demons, Greek Legends, Wizards, werewolves, and a whole slew of other supernatural “ freaks “ abound in my stories. Obsidian Son has hit the top ten bestsellers list on Kindle for Urban Fantasy and Paranormal. The plot twists and turns until the last page, and my twisted sense of humor will have you laughing out loud at things you really shouldn’t be laughing at. I mean, the first chapter in the series depicts the legendary, murderous Minotaur as a reformed Buddhist, and Nate cowtips him. Come on!

Customer Reviews

Mr. Silvers brings you into his character's world and keeps you there using a mixture of witty banter, action, and a deeply developed plot. This is the third book in this series and if you haven't read the first two, I highly recommend them. After some thought, the best description I can come up with is this: All of these characters seem like people I'd like to share a beer with. Those are the types of characters you want to spend time with, lose yourself in a book with, and enjoy the passing of time with WITHOUT noticing the passing of time. Carry on Mr. Silvers, bring on Vol. 4.

While visiting Achillesâ™ bar, Nate Temple hears that vampires have been snatching girls and taking them down into the sewers, never to be heard from again. Achillesâ™ own bartender has suspiciously gone missing, so Nate decides to do him a favor to make things right between them. So he, his werewolf friend Gunnar, and girlfriend Indie head for the sewers. Under vicious attack by

the vampires â “ he of course had found a nest of them and not just the one vampire he had intended â “ he and his friends were not giving a stellar performance defending themselves. But when one of the vampires heard his name mentioned, they hurriedly backed off rather than face â œThe Makerâ •. He still wasnâ™t fully aware exactly how to harness these Maker powers, but that would never stop him or even give him pause. He finds out that the Brothers Grimm have responded to a contract out on him and anyone who is close to him. They want their two dangerous books back which he had never destroyed as he probably should have. But regardless, they want him dead; and they never fail. And now the Grimms are loose in the world again and on a rampage. It doesnâ™t look like Nate and his friends are going to be able to defeat them this time around unless something drastically changes. And if they lose this battle, the rest of the Grimms will return to the world to destroy all things magical! Nate is a zany character that you quickly come to enjoy. Heâ™s really funny, and the tongue-in-cheek humor is amazing. Heâ™s in a tough spot, but he has so much determination and will readily give his life for his friends. This is a real page-turner from start to finish! I highly recommend this refreshingly original book â “ what a wild ride! I received a free ARC copy in exchange for an honest review.

I did get this book for free and am writing a genuine review. I am a big fan of the Sandman slim and Dresden files books. I powered through them, then through all, as well as, the game of thrones books. Looking for something to occupy my time I found this starter set. It has the urban wizard in modern times, trying to do the right thing, theme. Of course the antagonist get in the way of the rich wizard, who just want to have a good time and not get bored. It was a good first book to set the stage and character build. I quickly read this and the second book, which I like even better. Doesn't everyone love a smart ass wizards who does not play by the rules, and nearly get himself killed! Also, as a rich playboy he seems to have a wondering eye with the ladies. Unlike Dresden who contemplates do all the wrong things before choosing the right path, or Sandman Slim who uses the power of Satan to do the right thing, Master Temple consistently looks to do the right thing, but has more resources than these other wizards. It gives it a different dynamic, yet fun and exciting. I enjoyed it enough that I am currently reading the third book..

I loved this book, this series keeps getting better and better. It has dark humor, witty banter, and great characters. It is a great continuation of the series. I couldnâ™t put it down, it kept me interested for the beginning to the end. I loved it and I would definitely recommend it. I canâ™t wait to read more.

You really need to read the novella *Fairy Tale* before this book. Reading *Obsidian Son and Blood Debts* will help flesh out and add depth to the character interactions and history, but *Fairy Tales* is a **MUST**. I was eagerly awaiting the third installment of the Nate Temple series and, for the most part, was not disappointed. The book started in a bit of a ramble. It took a little while for the story to find its stride, but when it did, it was a fun ride! The Antagonist was cunning and brutal, twisting the story in unexpected ways. I agree with another reviewer who was confused at the fate of the bad guy because it was inconsistent with his persona up to that point. That being said, I loved that the story made me laugh, cry, throw my Kindle in frustration and ultimately nod my head as everything came together. In the tradition of true fairy tales, in this story people die, lives are ruined and the "good guy" is not infallible. Thankfully. There are enough loose ends to easily start another Nate Temple book (YAY!), but not so much as to be a cliffhanger. If you like Jim Butcher, Steve McHugh or Kevin Hearn, you will LOVE Shayne Silvers!

I couldn't wait for *Grimm* to come out. There are many different aspects of the Nate Temple story that keep me interested (his powers, his romantic relationship, his friends, etc) that I never put the book (Kindle) down once I started reading it. A new reader really needs to sign up for the mailing list and read *Fairy Tale* first in order to follow *Grimm* completely. All four novels have been excellent reads and Shayne Silvers has gone to the top of my list of authors that make me constantly check to see if a new book has come out.
