He lost his mate over 180yrs ago. The depressed Lykae, Bowen MacReive, enters the Talisman's Hie (similar to the amazing race) determined to win the prize. A key which will allow him to go back

in time and save his mate from her certain death. Meanwhile, there are other players just as determined. A beautiful witch, Mariketa the Awaited, is desperate to prove herself and her powers to the House of Witches by garnering the prize. Bowen's and Mariketa's attraction is immediate, but to him it is unwelcome (he despises witches). He mustn't lose his focus even if his mind is telling him one thing and his heart and senses are telling him another. Mariketa is sick of being on the B-team (always second choice). No Lykae is going to mess with this witch and then dump her when he gets back his 'real' mate. Oh no! He's got another thing coming. She's not supposed to be the most powerful witch for nothing. This is the third in the series (OK technically the fourth if you count the anthology) and my favorite so far. If you haven't read the other two then STOP RIGHT NOW! You're doing yourself a serious injustice by not reading them. Although they are stand alone books, you're missing out -a lot- if you don't read them first. 'No Rest For The Wicked' (the prequel to Wicked Deeds) is particularly important in that it centers around the same race (Talisman's Hie). Which will give you a better understanding of the race and its characters (and Sebastian is yummy too ;)). That being said, if you loved the other books then you'll love this one. You're in for a great ride (literally). The characterizations are wonderful and rich. The H/H chemistry is sizzling. A fast paced paranormal that grabs you from the get go. There are many surprises! Cole's really got a knack for keeping her readers on their toes! I must have said OMG! at least a half a dozen times. But my lips are sealed! No spoilers here. Another great book from a wonderful series.

What a delightful wonderful read. I loved it, we have a werewolf who thinks he has lost his only mate, find that there is a witch who pushes all his buttons and if she is his mate what does that say about the princess who died 200 yrs ago. Kresley Cole has to be one of my favorite new writers, her myth based stories are wonderful and I have waited for this one since her last one was released. Bowen is the werewolf from NO REST FOR THE WICKED, who was on the Hie to get the key of Thane, which turned back time. He wanted to save his mate who died two centuries ago. Mari is a witch, she is called the Long Awaited. She is very powerful but cannot control her power. She is still mortal and can die so it is very dangerous to her to go on the Hie, but she feels she needs to assert herself. When the two come together there are fireworks, anger, rage, and passion. Bowen finds himself compelled to desire her and has to decide if she is his mate or if his mate was lost yrs ago. Mari finds him very desirable and she has gotten tired of everyone she loves leaving her. First her father and then her mother, now she might lose the one man she has come to need. I love the adventure, the romance, and the fantasy in these books. It is a journey of joy to spend the time reading them. Do not miss this book or any of the others in the series. All are complete in

themselves and the wonder and delight are indescribable. I love these stories.

Mariketa The Awaited, is half fey-druidess and half warlock. A powerful combination. At twenty-three, she is one of the more crafty, powerful, and ruthless witches in her coven. When she decides to work for something she works hard. She is willing to do what it takes to win the Hie competition and prove herself. Bowen MacRieve, Bowe, lost his mate almost 200 years ago. Since then he has searched for a way to bring her back. The years have turned him into a hard, ruthless killer, willing to do whatever it takes to complete his self-imposed goals. Women still lust after him as he is the epitome of tall, dark and handsome. The only women truly safe from him are witches. The proto-Valkyrie Nix has told him that he will get his mate back if he enters the Hie competition. As competitors in the Hie competition, both will do whatever it takes to win. But will it be what they want? Is not losing yet another way of winning? A fast-paced, amusing, passionate, steamy novel of stubbornness versus lust. From the beginning of *Wicked Deeds on a Winter's Night*, the reader is drawn into the tale of two strong personalities striving to balance their own love and lust with preconceived notions of their families and friends. The attraction between the two is sultry and intense.. Ms. Cole keeps the reader's attention from the first chapter and does not let it go. When I found myself on the last page, the only thought running through my head was "more, please, more". I recommend this book highly. *Wicked Deeds on a Winter's Night* is Book 4 of the *The Immortals After Dark* Series but can be read alone. Barb Reviewed for Joyfully Reviewed

Kresley Cole has managed to top herself in her newest IAD installment! Not only is the romance between Bowen and Mariketa believable (and hot!), but the surrounding plot is well developed and highly creative. A wonderful read for those looking for hot romance, serious humor, and some great imagination!
