## Customer Reviews

Same as description

I am so glad I purchased this textbook for myself to help my 7th grade son who is using this same textbook in his class. He does not have to carry this textbook home with him from school because it is heavy. I can also prepare in advance for tests that he may have and I can help him to study. The book was received in excellent condition and I was very satisfied with the purchase.

Excellent

the shipper and items met and exceeded all expectations

Great help for the kids, easy to use by them
