Customer Reviews

It was hard to concentrate on the information without mentally correcting just about everything. I did get an overall view of the book. Someone should have reviewed this beforehand and hopefully helped this struggling writer. Not money well spent.

This is an extraordinary summary of this book. I loved it when I read it because I could focus in many aspect of this wonderful story. The author made an excellent analysis of the main ideas and it was very important for me, because I needed this information. Sometimes, people doesn't have time to read book and summaries like this makes easier to get its content.

A very good story about a very strong woman. She accomplished a lot since woman who dared to follow their dreams in those days weren't given the recognition they deserved.

Have not read the book yet. Seems to be a glitch in the review order. The information leading up to the book was nice just to get things in perspective.
