Customer Reviews

I was so excited to see that Sofia and Derek were coming back for another installment in the Shade of Vampire series! I really enjoyed this series and while book 7 ended perfectly I will always welcome more from this crew! I was surprised when I read the blurb and saw a pretty big time jump mentioned as well as the fact that Sofia and Derek were turning back into vampires! The prologue did a great job of catching us up on the occurrences of the 5yrs between the end of A Break of Day and the start of this book, I loved seeing what everyone at The Shade was up to, who was together, who had kids, who had turned back human and who had turned into vampires. It was like meeting up with old friends again after some time away. Then when the actual book starts we experience another time jump and much of the book is told from either one of the twinsâ ™ POV (mainly Rose) which I thought was great. We still had some chapters from Sofia and Derek so we had that familiarity from the prior books but at the same time it felt like a fresh start for a new story arc for this series.The events of this book and where it ended up opened up so many possibilities for future books and I am very excited to see where she takes the storyline next. A few new characters were added into the mix who I think will play big parts going forward. I really liked Caleb and I felt very bad for him for the hand he was dealt, I look forward to seeing what happens with him. I liked seeing the twins as teenagers and having their POV. As I mentioned, much of the book is narrated by Rose and it was fun seeing the similarities and differences between her and Sofia when Sofia was that age and first brought to The Shade.

WELCOME BACK!! It is SOOO good to be back in the Shade! After Book 7, it felt like we were forced to say good-bye to some very dear friends as we watched the Novak clan find their "happily ever after". BUT . . . happily ever after is not happening anytime soon (I know I shouldn’t be happy about that, but it means more books, so I’m ecstatic! Maybe I’m just evil like that!)First, let me say it is IMPERATIVE that you read the Prologue in this book. It provides some great insight into the lives of the Novak family. We get to see how Derek and Sofia have matured in their relationship, as well as their parenting skills. I’m so glad Bella didn’t just jump 17 years ahead, but instead gives us a

little bit of back story so we can see the twins grow up. It also gives us a baseline for the entire book, explaining a lot of future decisions. So DON'T skip it!Although the story centers around the Novaks (Derek, Sofia, Ben, and Rose), Bella grants us some little snippets about the other Shade residents. Thank goodness! These snippets answer a lot of questions that many of us had in regard to our favorite characters, including love, loss, and everyday way of life at the Shade. Although, in regular Bella fashion, her snippets also leave plenty of room for new story lines in the future!!! (Hint, hint, Bella.) :)It was great fun to see Ben and Rose as teenagers - reminded me of what my parents always used to say to me - "I hope you have a child just like you someday!" Parts of the story were like looking at little Derek and Sofia "mini-me's". I could see different characteristics and personality traits from Sofia and Derek that were very evident in their children!
