Customer Reviews

Super good set. Anything Selena Kitt writes is guaranteed to be good. Started reading other books in this set and I find they are super great also. Haven't finished the whole set yet but I have read the majority and they are great. I certainly recommend this set. Received an arc in exchange for honest review.

I was given an ARC cooy in exchange for an honest review. I found all stories to be well written, the stories held up well even if you remove the trans component, which is no mean feat. While I did not have a specific favorite story in this bundle, I enjoyed the paranormal one more than the others.

I received an ARC of this collection in exchange for an honest review. As always, this is an excellent collection. I haven't gotten to read every story yet, but the ones I have have been great! If you're looking for a collection that's a little less mainstream, give this a try!

Intriguing. Intense. Hot. In Trans-Action Selena Kitt brings us twelve stories featuring transexual love and lust. Having never experienced trans erotica before, I found the blending the softness and curves of the feminine with the hardness and urgency of the masculine to be fascinating. The authors in this collection provide stories that range from the more serious "Love Thyself" to the one-handed read, "Claiming Claire". There's something here to pique most interests. While I remain undecided as to whether trans women fit into my personal erotic wheelhouse, I strongly recommend checking out this collection to see if it has a place in yours. Full disclosure: I received an advanced review copy of this collection in exchange for an honest review.

I am was really happy that this was not a force or dubbed Trans collection. I haven't quite read all of them but most of them I have. Some were actually kind of sweet. Lots hot action, but really got me they had a good storyline not just hot sex. If you like Transgender stories don't pass this up. I was given this collection for a honest review.

These are the first transgender romances I've ever read. They were HOT! I love the different feelings between the men and the women and seeing how alike both sexes can be. Wasn't disappointed with any of the stories even though they are all different. Nice change of pace to read these.I was given a copy of this bundle for an honest review.
